YOUR CONSENT

I understand that this is placement linked training and I am keen that my ward
..... (name of the student) gets placed after the successful training.

I will give my ward all kind of support and encouragement towards the placement and will ensure that She/he attends classes regularly (at the centre/on mobile phone, as applicable). I will ensure that she/he will attend the job interviews and will actually join the job obtained. In case of migration-based job, I will support my ward financially (with expenditure for boarding and lodging) for the first month, so that she/he settles down before getting the first salary.
